

Features of Our English Language Education

2023 SPECIAL EDITION
in Celebration of the 40th Anniversary

(A) School-based e-Learning Strategies

With the aim of sustaining the development of **self-directed learning**, we integrate the **flipped classroom approach** and **e-learning strategies** in daily teaching and utilise lesson time flexibly. Our curriculum also uses **information technology** to support learning and elevate learning effectiveness at the different phases of the lessons.

Interactive learning with interactive touch screen in classrooms

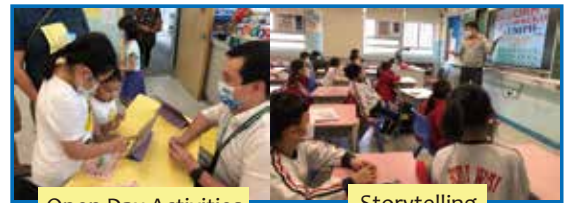

Use of iPads to foster Self-directed Learning

(B) Native-speaking English Teacher (NET) Scheme, EDB

Our school's **NET** helps develop students' interest in learning English by providing an authentic, language-rich environment for them.

Display Board

Categorised Books

Currently, the **Primary Literacy Programme – Reading (PLP-R)** is implemented in P2 and P3, in order to enhance the reading proficiency of our junior primary students.

(C) Diversified Learning Opportunities

With the purpose of fostering students to learn by experiences, broaden their horizon and raise up their sense of achievement, our school provides diverse English learning opportunities to students to demonstrate their talents through multiple learning and **life-wide learning activities**. Student activities range from **Enrichment Programmes**, English Ambassadors to assorted **internal and external competitions**.

English Ambassador

English Ambassador training

Students practise spoken English using English Passbook with Ambassadors on English Speaking Day.

English News Sharing

Senior students share some current issues with the whole school during morning assembly.

Inter-class English Competition

Students are engaged in the interesting but challenging tasks during English Competition.

Drama Team

The students develop drama skills to perform on stage in front of an audience.

Student Enhancement Programme

Student Enhancement Programme enables the appropriate students to realise their potential and enhance their academic experience.

STEAM Day

All the kids were watching the "Exploding in School" experiment attentively on the STEAM Day.

(D) Life-wide Learning Fun

Life-wide Learning allows us to move students learning **beyond the classroom** into other learning contexts. Students are provided opportunities to **demonstrate their talents, broaden their horizon** and **enhance their language skills** by providing them an **authentic environment**.

Appreciation of Live English Drama Performance

With the fascinating plots, the interactive drama performances made the shows come alive and caught the attention of all students! While having a wonderful time watching the entertaining musical drama, students were exposed to English classic literature at the same time.

Pizza Making at PizzaExpress Restaurant

In a lively morning, the participants were able to **apply what they had learnt** from textbooks **with hands-on experience** to make an Italian pizza in an **authentic setting**.

Visiting Guide

Yee Sen shares...

"I learnt many things from this experience, such as pizza ingredients, steps of making a pizza and the skill of flipping a pizza. I am very thankful that I could go to PizzaExpress because I have never made a pizza before."

Ching Tung wonders...

"When I make a pizza, I need to follow all the procedures. It is not only applicable to pizza making, but also to everything we do."

Lok Yan says...

"I give thanks to our teachers who fought to arrange us to have opportunities to make pizza at PizzaExpress. Also, I thank Miss Fanny who taught us how to make pizzas very patiently. I am grateful that they let me have a very unforgettable experience."

Mong thinks...

"I have learnt that we should be patient when we are doing the activity like this. If you are badly-behaved, you will ruin all the stuff."

English Writing Competition in Celebration of the 40th Anniversary

P1 - My Favourite Teacher in Kei Wai

My favourite teacher is Miss Wong. She is an English Teacher. She is quite tall and slim. She has big eyes. She likes to eat chicken wings. She likes pink and purple. She likes cats and dogs very much. I love Miss Wong so much because she is very helpful and beautiful.

1A Yu Ka Hei Luna

I like Mr. Campbell. He teaches English. He is tall and has big eyes. He likes pink. He likes Cinderella. He likes kiwi fruit. I like him because he is so funny.

P3 - My First Three Days of Whole-day Classes

Last week, I had my whole-day classes for the first time. I had four recesses every day so I spent more time with my friends at school.

On the first day of whole-day classes, my classmates and I had lunch together. The lunch boxes were tasty so we ate a lot!

On the second day, my classmates and I had a special lesson. We learnt how to line up at recess to prevent us from behaving in a mess. Our teachers were satisfied with our discipline.

On the third day of whole-day classes, my classmates and I attended a talk in the hall. The theme was about our emotions. We learnt to differentiate between the positive and the negative emotions. Besides, I also learnt how to release our emotions in the correct way. I felt the talk was very useful.

My class enjoyed our whole-day classes. We had many recesses each day. I hope it will be a great year for us.

3A Li Cheuk Him

Last week, I started my whole-day classes. I had four recesses every day so I spent more time with my friends at school.

On the first day, I had lunch at school for the first time. I ate pork, vegetables and noodles. They tasted good because I like all the food. I felt happy because it was the first time to finish my lunch by myself.

On the second day, I went to the library after lunch. I enjoyed reading because the dinosaur books were interesting and fun. I felt excited because I could read many books.

On the third day, I talked with my friends so I felt happy. I saw two classmates playing funny games. I liked going to the covered playground because I liked playing football. It was interesting and good for my health. I felt excited.

I was busy every day. I was tired but I like spending more time at school.

P4 - The Person I Want to Give Thanks to

The person I want to give thanks to is Nicole. Nicole is my friend. She is also my classmate. She sits in front of me. We became friends because we often chatted with each other.

Nicole is thin. She has brown eyes and long curly hair. She is taller than me. She likes purple and so do I. We both like drawing pictures. She likes rabbits. My favourite cartoon character is also a rabbit. But I like cats more.

Nicole is nice and kind. She is also very talkative and humorous. She likes telling jokes. The jokes are very funny. She is very friendly too. She teaches me Chinese and I teach her English. She is also good at Maths. She likes playing volleyball in PE lessons. We always study together.

I like her very much. I hope we can be best friends forever. We have a lot in common. She is an important person to me.

4A Sze Hoi Lam

I want to give thanks to Miss Lo. She was my class teacher in Primary Two. This year, she teaches me Music.

She is tall and thin. She wears a pair of glasses. She has long hair. She is generous because she often gives me small gifts. Also, she is easy-going. She never blames us. Miss Lo always encourages me to do better.

Miss Lo teaches English, Music and Religious Studies. This year, I joined the school choir. She teaches me how to sing. I want to give thanks to her because she gives me an English book and teaches me how to play the piano. I feel happy since she chats with me very often. Both of us like music very much.

I hope I will play a wonderful piano piece to thank her.

P5 - Invitation Letter to Kei Wai's Open Day

Dear Betty,

Our school is going to celebrate its 40th anniversary. You are cordially invited to join our special Open Day this year. The Open Day will be held on Saturday, 6th May, 2023.

There are many interesting activities on the Open Day. The first one is Glittering Stage Performance at the school hall. I will have a hand chimes performance with my classmates. Hand chimes are classic musical instruments with clear 'ding ding' echo sounds. We will try to play pop music in the performance. Hope you will enjoy it!

Another activity is Sport Stacking Challenge. It is a very exciting competition. Cup stackers compete to stack cups in specific sequences as quickly as possible. Sport stacking improves hand-eye co-ordination, reaction time and concentration. The winners will represent our school and take part in the inter-school competition next year. I hope they will break last year's records.

I look forward to seeing you at our school very soon.

Love,
Albee

Dear Elvis,

I know we haven't met for a few months but I want our next meeting to be more memorable. If you are not busy on the sixth of May 2023, you can come to my school's Open Day.

There are a lot of activities but I want to recommend the best one, Glittering Stage Performance, to you. It is fun and worthwhile because you can watch the talent show.

The second activity I recommend is the Core Subject Exhibitions. You can look at the wonderful writing exercises written by my classmates. Not to brag, but plenty of the writing entries were written by me.

I look forward to meeting you on my school's Open Day. May this special occasion take us back to memory lane when we grow older.

Yours,
Isaac

P6 - My School Life in Kei Wai Primary School

My time at Kei Wai Primary School was a memorable chapter in my life. One of the best things about the school was the people who made it such a great place to be. From the caring teachers who always went the extra mile to help their students, to the classmates who made every day a joy to be at school, everyone was part of a close-knit community.

One of my unforgettable experiences in the school was participating in the annual Sports Day. The day was filled with exciting events such as relay races, high jump and long jump; and the atmosphere was electric as students cheered on their classmates. I remember feeling a sense of pride and accomplishment when the team which I supported won the relay race, and the whole school erupted in cheers!

Another unforgettable experience was during the school's annual Talent Show. I still remember the incredible spectacles performed by my fellow classmates, including a breathtaking piano recital and a hilarious skit that had the whole school laughing. It was amazing to see the diverse talents and skills of my schoolmates.

Overall, my time at Kei Wai Primary School was filled with wonderful memories. I will always be grateful for the people and experiences that made it such a special place.

6A Li Chi Hei

I have studied in Kei Wai Primary School for almost six years. We always hear that school life is the best part of our life and I totally agree with it. I think my school has a good atmosphere for studying and making new friends. School time is the time which I enjoy the most.

My school is not really big but there are still a lot of places and special rooms, such as covered playground, tuck shop, English room, library, etc. However, I love the tuck shop the best. Before Coronavirus, we could buy different kinds of snacks there. They were very delicious and cheap. I loved buying food there very much! Also, I could share food with my friends at recess and we had a mini potluck party every day! Unfortunately, the tuck shop is closed now.

In the past six years, I have joined a lot of activities and competitions. For example, the school picnic, Sports Day and English and Chinese Writing Competitions. All of them are meaningful and amazing. I still remember that the first time I joined the school picnic was in Primary One. It was an unforgettable experience because I made a lot of new friends at that time. I felt very cheerful because I was quite shy to talk to the strangers and it was not easy to make new friends most of the time. Luckily, I could make new friends who studied in different classes after joining these activities.

To sum up, I think my school life is colourful. Sometimes, it is a little bit depressing. However, most of the school time is very enjoyable and memorable. I really like my school life in Kei Wai since I can learn not only new things, but also ways to get along with people.
